

A Mother's Day Message from Your Respect Life Committee

SUPPORTING WOMEN THIS MOTHER'S DAY

Every year the Sisters of Life host a Spiritual Motherhood Luncheon for the post-abortive women in their Hope and Healing Mission. The women they serve feel blessed and grateful for the gifts they receive from unknown friends. Some of the thoughts expressed in their testimonials give us a glimpse into the hearts and minds of these women.

“Thank you for a wonderful Mother’s Day gathering and for incorporating both a beautiful rosary with reflections of Fatima and Consecration to Jesus through Mary. The gifts that were put together were so special and from the heart. From the colored pencils to the mug with the Fatima image (my favorite) and the hand-crocheted Rosary pouches to the personalized handwritten notes – what an amazing outpouring of love and grace for each of us!”

“Guess what I finally did it. I went on a Weekend Retreat – not just any “ole” retreat – but the Sisters of Life Hope and Healing Retreat. It was the best thing that ever happened to me. I encountered Jesus Christ in the “flesh.” I met my children who have been praying so hard for me and mostly, I now know the purest love of my soul, My beloved, My dignity, Jesus Christ!! I could cry forever with my new eyes.”

“Words cannot even express the feeling of redemption I have been blessed with over the last few days. I finally feel I can start to let go of the heavy guilt and grief I have burdened my soul with over the last 23 years. In addition, I have felt a reconnection with my Catholic faith which I have not felt in the years since my abortion. I feel like this weekend has given me the tools, emotional and physical armor and, most importantly, has surrounded me with the love and nurturing I have yearned for over so many years to overcome my overbearing and all-consuming struggle with the sin I committed over two decades ago.”
