

# St. Elizabeth Bicycle Ministry

Our “new” ministry (led by George and Carol Grassel) restore donated bicycles and give them a new life! After being restored, the bicycles are donated to children and adults in our community. We have recently expanded to help others, too! With the help of our Boy Scout Troop 218, ten bikes were recently delivered to the Mercy Center Youth Program in the Bronx. We are so very grateful to our Bike Ministry and the Boy Scouts for making this all possible. The children will now have a bike they have only dreamed of before today. Thank you all!!
