

Family Life Ministry, Youth Ministry and our Faith Formation Program invites students in grades 7 to 12, along with college students, to two Culture Project presentations in our Church:

**Social Media: Tuesday, September 27, 7:00 to 9:00 p.m. in Church.**

Technology has changed the world. This presentation will help the students integrate a Catholic moral approach in using Social Media. A discussion about our use of media contributes to our happiness, relationships, and the type of person we become. Cyber-bullying, sexting, and the students' own use of media will be discussed.

**Sexual Integrity: Tuesday, October 4, 7:00 to 9:00 p.m. in Church.**

Why do the promises of today leave our lives unfulfilled? The presentation will address the purpose of sexuality from our Catholic perspective. The presenters will share practical tips on how to channel temptations towards authentic Catholic moral love.

**If you plan to attend one or both presentations,  
please RSVP to [faithformation@stelizabeth.org](mailto:faithformation@stelizabeth.org)**

We ask that each participant, even our college students, be accompanied by at least one parent. Part of the presentation will be just for the students with parents in another room.

Visit their website at: <https://thecultureproject.org/>

Presentations are given by recent college grads, trained as lay missionaries, who volunteer for at least a year. These missionaries believe that human dignity, self-worth, and living a life full of virtues can change this world.
